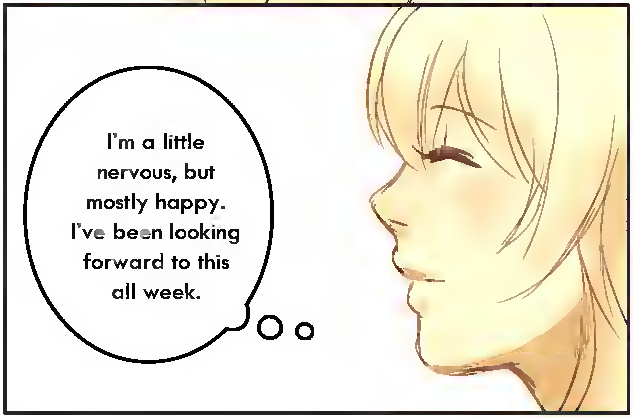
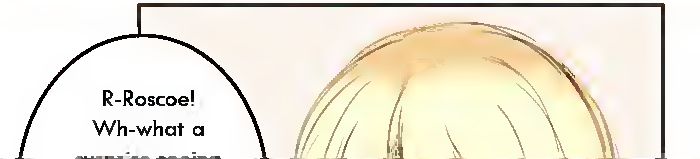
We're going on an actual date today...



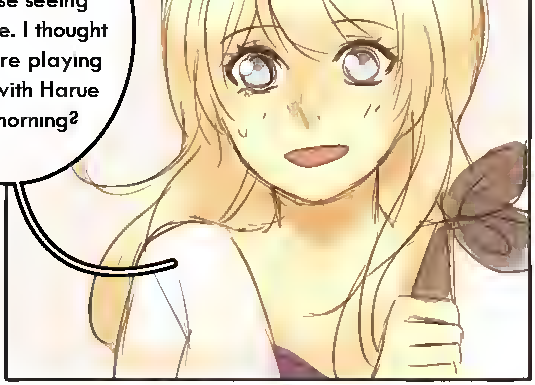
I'm a little nervous, but mostly happy. I've been looking forward to this all week.

Sis?
freeze



R-Roscoe!
Wh-what a

surprise seeing you here. I thought you were playing tennis with Haruе this morning?



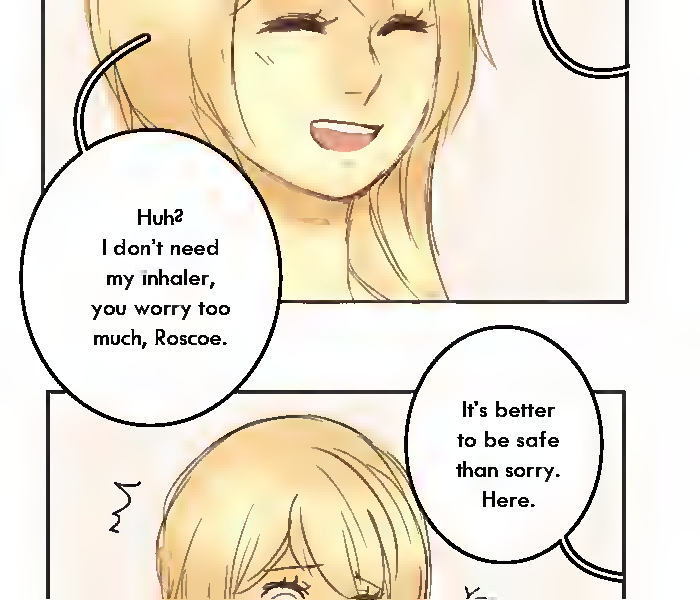
I forgot my phone, so I came back to get it...

I think it's more surprising to see you in the boy's dorm oreo... Are you meeting up with someone?
you fixed your hair differently today...

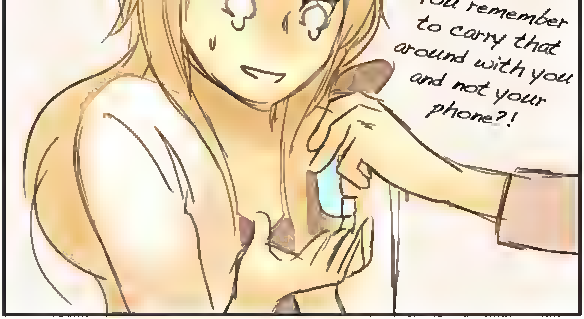
Well--
Um...
...
Are you going to see London?
...

nods

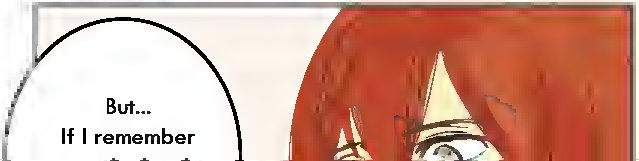
You're leaving campus, right?
Did you remember to bring your inhaler?



Huh?
I don't need my inhaler, you worry too much, Roscoe.
It's better to be safe than sorry. Here.



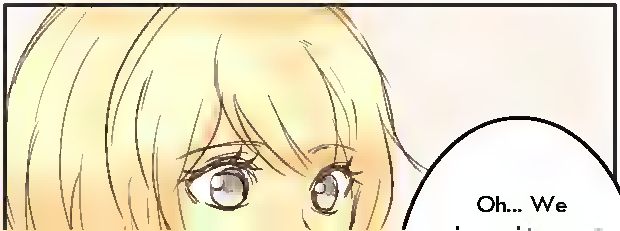
remember
to carry that
around with you
and not your
phone?!

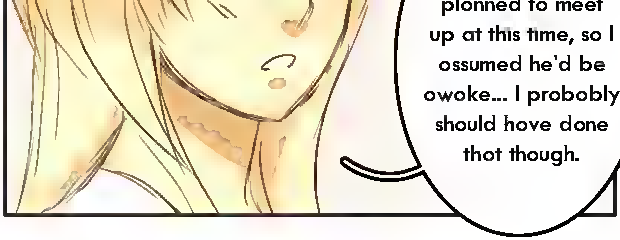


But...
If I remember

correctly, Landon was still sleeping.

Did you make sure to call or text him before coming here?





Crop--
I wos supposed to woke up on *hour* ago.

She's ganna be here any minute naw, and I'm nawhere clase to being ready--

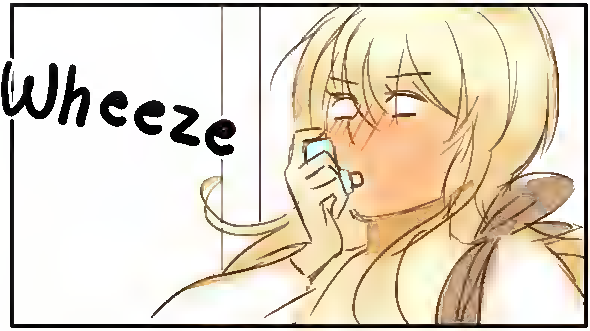
Dindin!
Are you awake?
It's me!

Ah! The door's unlocked.
Rise and shine, sleepy--

SLAM!
I'M SO

SORRY!



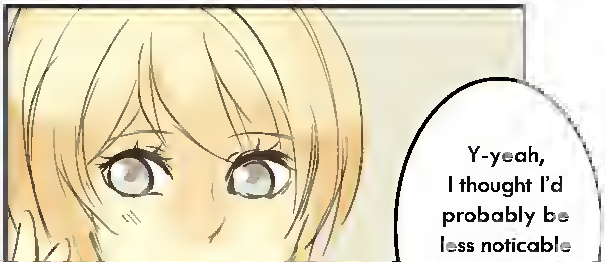
cough
cough

Roscae was right... I did need my inhaler today.

late.

N-no, I'm sorry about barging in like that. I know better next time.

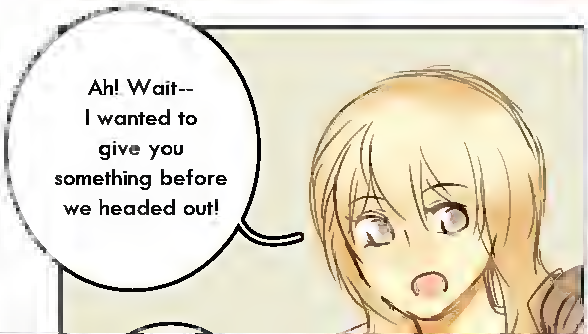
You're wearing your hair down.



Y-yeah, I thought I'd probably be less noticable

to other people like this!
I think it's doing the opposite for me, but okay. Shall we get going then?

Eh?

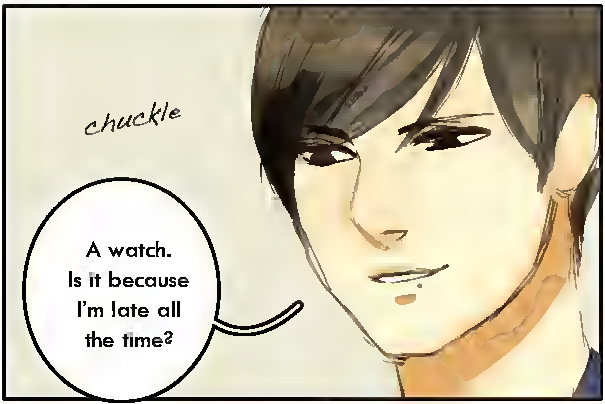


Ah! Wait--
I wanted to
give you
something before
we headed out!

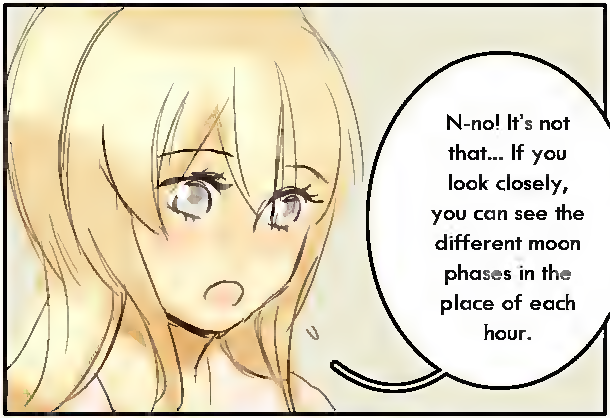
For me?

It's a return gift for the music box.
...
Can I open it now?

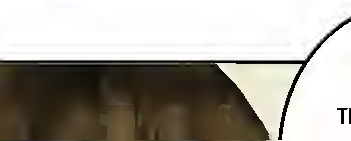
S-sure, if you want...



chuckle
A watch.
Is it because
I'm late all
the time?

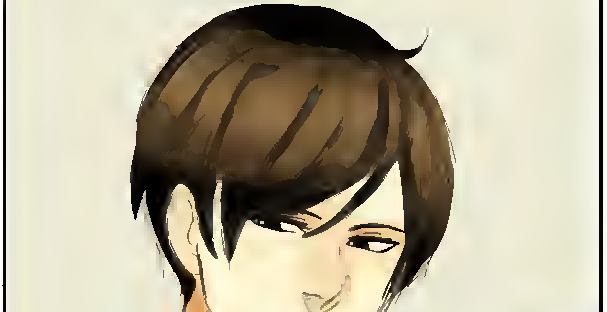


N-no! It's not that... If you look closely, you can see the different moon phases in the place of each hour.



You're right. There's the first

quarter moon, then the waxing cresent, and then the new moon...
D-do you like it?



It's perfect.

Thank you

giggle~

Hello?

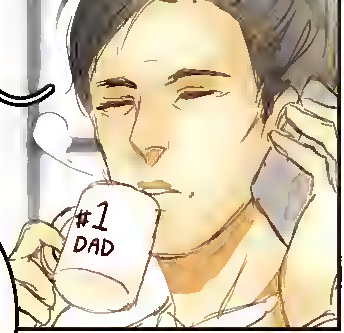
Landon! It's been a while, hasn't it? It's your father, remember?
Anyway, I was wondering if you were busy today. I need you to run some errands

I already have plans today.
Sleeping daesn't caunt as "plans."

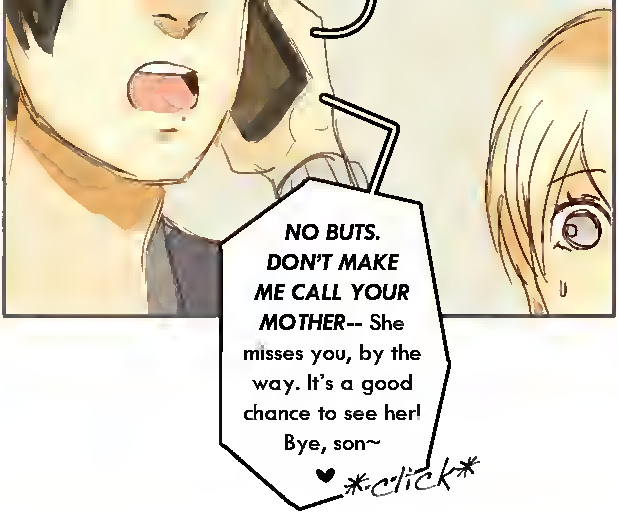
Listen, your mother and sister

have been really busy. Rosalie has her interview at the academy tomorrow and she needs signed papers from your mom.

I need you to go to the agency and get those for her, okay?



But Dad--



NO BUTS. DON'T MAKE ME CALL YOUR MOTHER-- She misses you, by the way. It's a good chance to see her! Bye, son~

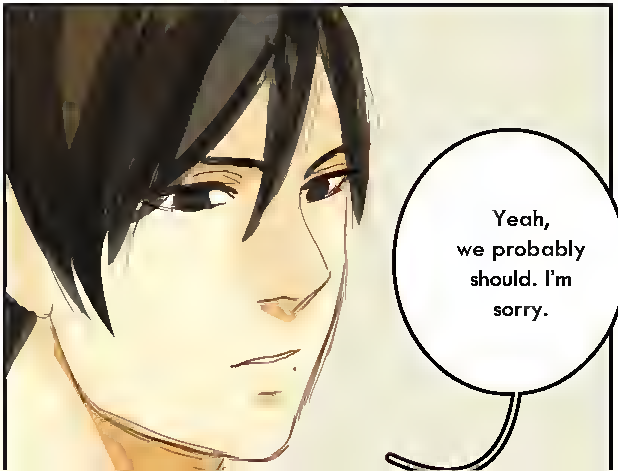
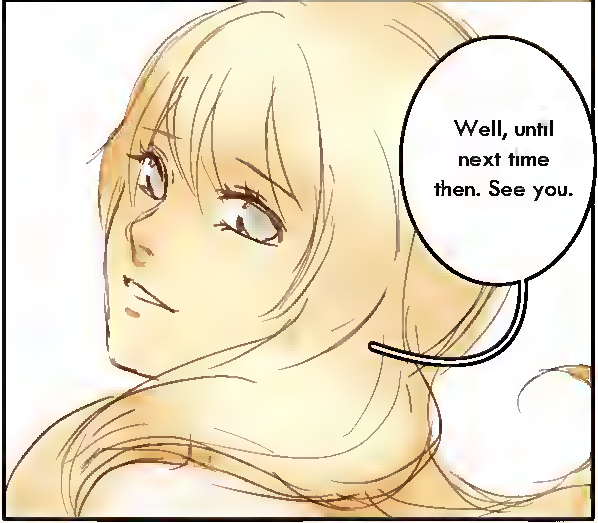
....
And he wonders why I don't call him anymore.
U-um... Dindin?

Sorry, I couldn't help but overhear.
Should we postpone our date today?



Yeah,
we probably
should. I'm
sorry.

No, it's okay! Really! Family first; that's my policy!



Well, until next time then. See you.

There was something about the look on her face that made me *not* want to leave her alone.

Come
with me?
